Mayor Starling stated that numerous discussions have taken place regarding this item.

No one else wished to be heard and the public hearing was closed.

Upon a motion made by Councilmember Turlington, seconded by Councilmember Becton, it passed unanimously to adopt the proposed City of Clinton Land Development Ordinance for the purpose of replacing the existing City of Clinton Zoning Ordinance and Subdivision Regulations.

### **P & Z – 1996 OLD RALEIGH ROAD – EVELYN DOSEN**

Mayor Starling opened a public hearing on a request by Evelyn Dosen for a conditional use permit to operate a riding stable on approximately 4.51 acres at 1996 Old Raleigh Road in an RA-20 Residential district.

Planning and Zoning Director Vreugdenhil stated that Evelyn Dosen is requesting approval to operate a riding stable on property owned by her mother. He stated that the property is zoned RA-20 Residential which provides for riding stables. He stated that the Planning and Zoning Board recommended approval of this request with the following stipulations: (1) a maximum of 8 horses be permitted and (2) drainage concerns be addressed in a manner which will not adversely affect adjoining properties.

Evelyn Dosen appeared before City Council and stated that she recognizes the property has drainage issues and she is attempting to handle the problem. She stated that riders will not be on the public highway. Ms. Dosen stated that Ralph Hamilton is assisting her with the drainage problem(s). Ms. Dosen stated that if approved by City Council, she will board 4 horses initially. She further stated that the first phase of her endeavor will consist of boarding horses and giving lessons to horse owners. Ms. Dosen told Council that no opening date has been made because her first priority is the drainage.

Also, Evelyn Dosen acknowledged that odor can be an issue if not maintained properly. She stated that she has a three-fold manure plan. She further stated that horse manure serves as a very valuable fertilizer. Ms. Dosen told City Council that pest control can be another problem if it is not monitored closely. In the past, she stated that wineries obtained the waste from her business.

Sandy Maddox, of 1955 Old Raleigh Road, appeared before City Council. She stated her concerns regarding the request by Evelyn Dosen. She stated that a documented drainage issue is on file and Dosen's land is very poorly drained. She stated that personnel from the State of North Carolina have reviewed this matter. Ms. Maddox stated that her concerns consist of: poor water drainage, the number of animals to be housed, and the waste issue; however, Ms. Dosen addressed the waste issue. Sandy Maddox made mention of her 30-year background in agriculture.

Briefly, councilmembers discussed Ms. Maddox's concerns. Ralph Hamilton spoke in favor of Evelyn Dosen's request. Stan Roberts spoke in favor of Dosen's request. He further stated that if Ms. Dosen does not remain true to her word/request, pull her permit.

Planning and Zoning Director Vreugdenhil stated that when the riding stable came into existence, this matter became a special conditional permit matter. He stated that this request can be rescinded if Ms. Dosen does not do as

she is stating. Mr. Vreugdenhil remarked that this is a worthwhile project; however, he stated one concern will be if water remains in the ditch for a long period of time. He further stated that then the water becomes stagnant and a health issue might occur.

Mayor Starling reiterated that if City Council approves and Ms. Dosen does not abide by what is said at this city council meeting, City Council can rescind the request.

No one else wished to be heard, and the hearing was closed.

Mayor Starling read Standard 1: The use will not endanger the public health, safety, or general welfare if located where proposed and developed according to plan. He then called for a vote on whether the requested use would meet this standard. Five voted that the standard would be met. No one voted no.

Mayor Starling read Standard 2: The use meets all required conditions and specifications as outlined in the conditional use application, and/or as imposed by the city council. He then called for a vote on whether the requested use would meet this standard. Five voted that the standard would be met. No one voted no.

Mayor Starling read Standard 3: The conditional use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, or substantially diminish and impair property values within the neighborhood, or is a public necessity. He then called for a vote on whether the requested use would meet this standard. Five voted that the standard would be met. No one voted no.

Mayor Starling read Standard 4: The location and character of the use if developed according to the plan as submitted and approved, will be in harmony with the area in which it is to be located and in conformity with the Clinton Development Plan. He then called for a vote on whether the requested use would meet this standard. Five voted that the standard would be met. No one voted no.

Upon a motion made by Mayor Pro Tem Harris, seconded by Councilmember Becton, a conditional use permit to operate a riding stable on approximately 4.51 acres at 1996 Old Raleigh Road was unanimously approved, with the stipulations that a maximum of 8 horses be permitted and drainage concerns be addressed in a manner which will not adversely affect adjoining properties.

### **“ON CALL” PAY – POLICE DEPARTMENT DETECTIVE DIVISION**

Chief Mike Brim stated that in reviewing the process to compensate employees who are “on call” for the Police Department, they are proposing to change the pay structure and how these employees are compensated. He stated that currently, each detective who is “on call” for a week is compensated (8) eight hours compensatory time per week for the “on call” rotation for that week. He stated that these detectives have collectively acquired some 347

hours of compensatory time and the expense to pay them would be more than \$5,000.00. Chief Brim stated that the minimum wage of a detective is \$14.77 per hour which equates to \$118.00 and the maximum wage is \$19.27 per hour which equates to \$154.00 per week of "on call" rotation.

Chief Brim asked City Council to approve establishing a flat rate of \$100.00 per week for the "on call" rotation compensation to be paid directly to the detective. Also, he stated that this approval will eliminate a second problem, employees trying to take the compensation time off with the department being down-sized.

Upon a motion made by Councilmember Stefanovich, seconded by Councilmember Strickland, and unanimously passed, City Council approved the establishment of \$100.00 per week "on call" pay for the Police Department Detective Division.

### **CITY CODE -- ORDINANCE-- CHAPTER 21 – VEHICLES FOR HIRE**

City Manager Connet spoke regarding amending Chapter 21. Vehicles for Hire of the Clinton City Code of 1987. He stated that a citizen came to the Planning and Zoning Department requesting a permit to operate a shuttle service. He further stated that we have in place an ordinance for the operation of taxis and commercial limousines. City Manager Connet stated that General Statute 160A-304 permits municipalities to regulate all vehicles operated for hire in the city. He recommended approval of this amendment to include shuttle service(s).

Upon a motion made by Councilmember Turlington, seconded by Councilmember Strickland, the following ordinance was unanimously adopted:

### **REPORTS**

The finance, police, City Council action, public works, code enforcement and fire reports were acknowledged.

City Manager Connet briefed City Council concerning a seminar on Redistricting after 2010 Census that he, City Attorney Johnson, and City Clerk Hunt attended recently in Chapel Hill, NC. He stated that in order to meet the requirements of Section 2 of the Voting Rights Act and North Carolina General Statute 160A-23, City Council must review and possibly revise electoral district boundaries at least every ten (10) years. He stated that this review must be completed by the beginning of the filing period for the November 2011 election and the one-person/one-vote requirement of the United States Constitution must be upheld. He further stated that in accordance with federal and state laws and a Consent Decree dated July 13, 1989, the City of Clinton is required to have five electoral districts.

City Manager Connet stated that his intention is to proceed as follows:

- (1) The current districts are functioning well and shall only be changed as required by one-person/one-vote requirement.
- (2) The current districts will be reviewed for compliance with one-person/one-vote requirement as soon as 2010 census data is available (March/April 2011).
- (3) City Council will be asked to recertify the existing map if the districts do not exceed the "ten percent (10%) rule."
- (4) A redistricting process will be developed that will provide City Council with at least two alternatives to consider and allow for public input if the districts do exceed the "ten percent (10%) rule."

He concluded by confirming that municipalities candidate-filing period begins in July. City Manager Connet asked Police Chief Brim to brief City Council concerning "Halloween in the Park." Chief Brim stated that approximately 1,000 people came out and \$900+ was raised at this event for Relay for Life. Chief Brim thanked City Council and everyone for their participation.

He asked City Council to approve a budget amendment to compensate for this new estimate. He further stated that the need to repair the building electrical system is apparent and the City’s liability is increased as long as the building is being used and the repairs are incomplete.
