

## What are the Benefits of Recycling Cooking Oil?

Recycling cooking oil provides the raw material for a cleaner burning fuel, minimizes landfill disposal, helps to prevent clogs and back-ups in drains and sewers and pollution in our streams and creeks.

# Vegetable Oil Recycling

Go **GREEN** with the City of Clinton!

Capture your used vegetable-based cooking oil in a clean, capped, clearly marked container, and drop off at the Clinton Public Works and Utilities Department, M-F from 7:00 AM until 3:30 PM for recycling.

### Criteria of Oil

Must be in liquid form

Must be free of food particles.

Must be in a sealed, labeled container.

For more information, please contact the Clinton Public Works & Utilities Department at (910) 299-4905
